

PRODUCT SPECIFICATION

# SD5000-PO

COMMERCIAL FREE-VEND  
SANITARY NAPKIN DISPENSER

The SD5000-PO is a commercial, free-vend sanitary napkin dispenser designed for pads only. Manufactured in the USA from durable steel, it accepts widely available, non-proprietary No. 4 vending-box sanitary napkins for dependable gravity-fed dispensing in commercial restrooms.

## KEY FEATURES

### Pads-Only Free-Vend Design

Dispenses sanitary napkins without payment; no tampon compartment.

### No. 4 Box Compatibility

Designed for standard No. 4 vending-box sanitary napkins.

### Non-Proprietary Refills

Supports commonly available institutional refill products.

### Commercial Steel Construction

Available in stainless steel or white powder-coated steel.

### Simple Mechanical Operation

Gravity-fed; no batteries, sensors or electronics.

### Secure Cabinet Access

Keyed access for restocking and servicing.

### Made in the USA

U.S.-manufactured; BAA compliant.

## COMPATIBLE REFILLS

**MT-4** No. 4 boxed sanitary napkins; case of 250

**MT-200** No. 4 boxed sanitary napkins; case of 200

## OPERATION & INSTALLATION

**Refilling** Unlock cabinet and replenish boxed pads.

**Dispensing** Gravity-fed, individual pad dispensing.

**Installation** Wall or partition mount with suitable hardware.

**ADA INSTALLATION NOTICE:** Cabinet depth is 3 1/4 inches, below the general 4-inch protruding-object limit. ADA accessibility also depends on mounting height, clear floor space, reach ranges and site-specific installation.

**U.S. ORIGIN / COMPLIANCE:** Made in the USA. BAA compliant as represented by GGI. BABAA compliance is **not claimed** pending verification of U.S.-sourced locks and magnets or applicable project-specific requirements.
