

PRODUCT SPECIFICATION

SD5000

DUAL TAMPON & SANITARY NAPKIN DISPENSER

The SD5000 is a durable, U.S.-manufactured commercial dispenser providing free access to tampons in standard vending tubes and sanitary napkins in No. 4 vending boxes. Its non-proprietary, gravity-fed design supports dependable menstrual care programs in schools, offices, healthcare facilities and other public restrooms.

KEY FEATURES

Dual-Product Dispensing

Dispenses both tampons and sanitary napkins.

Free-Vend Operation

Provides products individually without payment.

Non-Proprietary Refills

Accepts standard vending-tube tampons and No. 4 boxed pads.

Durable Steel Cabinet

22-gauge steel for commercial restroom use.

Security Options

Keyed cabinet lock or magnetic closure.

Low-Maintenance Design

Gravity-fed; no batteries, sensors or electronics.

Made in the USA

Manufactured by Golden Group International.
